

Kingfisher Homework Grid

Autumn Term 2

You can choose a minimum of 3 tasks or you can do all 5 (as well as your 'must-dos!'). Use your homework book to display your work and when you have completed one piece of work bring it in to school. Final pieces of homework are due in by Friday 12th December 2025.

Tasks

English

We are learning how to write a chronological report in the form of a newspaper story this half term.

Can you write a newspaper report about our Stargazing evening which will take place on 4th December, reporting the events of the night. Remember to include a quote or two that other children might have said, perhaps a drawing or a picture and then finish up with what we're able to do now!

If you are not attending, or would like to write a report about a different exciting event happening, then please do!

DT:

Can you research various types of bread, their origins, and key ingredients, such as pita from the Middle East, tortillas from Mexico, and naan from India. Are there any you can bake yourself and try at home? Are there any gluten free breads around the world?

Science

You have two options for your science homework this term:

1. Create a moon diary. Look at the moon every night for 4 days in a row, draw what it looks like each night. How does it change? OR
2. Create a poster showing the names and relative sizes of the planets in the solar system.

RE

Following God in Christianity involves trusting, obeying, and living according to God's will, which Christians believe means showing love, forgiveness, and kindness. It includes believing that God promises to stay with them and forgive them, and that they should also be forgiving of others.

Can you write a prayer to show your promise to love and trust in God?

Must Dos!

Spelling

Every week, practice your new spellings on Spelling Shed ready for your quiz on each morning, with a final quiz each Tuesday morning.

Maths

There will be weekly tasks set on Mathletics - please check each Tuesday.

Please ask me if you need any help with templates or instructions that will allow you to complete these tasks.

Our Planet

Create a "Five Ways to Help the Earth" poster! We will be learning about all sorts of ways that humans impact our planet and what we can do to reduce that impact. Think about different types of renewable energy as well as actions we can all take every day!
